Welcome to Bengal School of Technology

BST is one of the leading institutes of its kind in the eastern belt of the country with state-of-the-art infrastructural facilities. The Institute is approved by the Pharmacy Council of India, New Delhi. It is affiliated to Maulana Abul Kalam Azad University of Technology (MAKAUT), formerly known as West Bengal University of Technology (WBUT), for the B.Pharm and M.Pharm programs. The Institute is also affiliated to West Bengal State Council of Technical and Vocational Education and Skill Development for the D.Pharm program. The Institute is accredited by the National Assessment & Accreditation Council (NAAC) with Grade "A". The Institute is also accredited by the National Board of Accreditation (NBA) for the B.Pharm program. The Institute is recognised by UGC and included u/s 2(f) of UGC Act, 1956.

Welcome to Bengal School of Technology and Management

BSTM stands at the forefront of education in West Bengal, pioneering excellence in courses such as Bachelor of Business Administration (BBA), Bachelor of Computer Applications (BCA), and B.Sc. Hospitality and Hotel Management (B.Sc. HHA). With a commitment to academic rigor, practical skills development, and industry-relevant training, BSTM empowers students to excel in their chosen fields. Through innovative teaching methodologies, state-of-the-art facilities, and a dedicated faculty, BSTM ensures a transformative learning experience, preparing students for successful careers and leadership roles in the dynamic landscape of business, technology, and hospitality. The Institute is approved by All India Council for Technical Education (AICTE) and affiliated to Maulana Abul Kalam Azad University of Technology, (MAKAUT)

CEO'S MESSAGE

Welcome to Bengal School of Technology & Bengal School of Technology and Management.

Our institution is dedicated to provide a nurturing environment where students can excel academically and personally. We boast a team of highly qualified and experienced faculty members who are committed to impart knowledge and fostering critical thinking skills.

Moreover, our state-of-the-art facilities ensure that students have access to the latest technologies and resources necessary for their educational journey.

I would like to extend a heartfelt vote of thanks to all guardians for their continuous support and encouragement, and to the recruiters for recognizing the talent and potential of our students. A special acknowledgment goes out to our dedicated teaching and non-teaching staff for their unwavering dedication and hard work.

Together, we strive to create a dynamic learning community that prepares students to succeed in the ever-evolving global landscape. Thank you for choosing Bengal School of Technology & Bengal School of Technology and Management.

Mr. Dilip Kumar Mondal
Secretary & CEO, SEDCO

PRINCIPAL'S MESSAGE

Greetings from Bengal School of Technology (A College of Pharmacy). one of the leading Institutes of its kind in the eastern belt of the country with the state-of-the art infrastructural facilities, was established in the year 2006 by the Supreme Educational Development & Charitable Organisation (SEDCO).

Technology (A College of Pharmacy) Sugandha west Bengal.

Bengal School of Technology Sugandha provides high quality value based education in the field of Pharmacy(A profession which is second to none in healthcare sector in the Global village) with an unwavering commitment, to generate competent skill based Pharmaceutical technocrats as men of high character, probity and honour, whose conduct through life will show, they bear the hallmark of BST, and act as a role model, to underscore the importance of the holistic philosophy that, "A commitment to the practice and profession of Pharmacy with all ethical values in its highest form is a lifelong commitment to the humanity by the pharmacy professionals.

I once again extend you a hearty welcome to grab the opportunity to nurture and shape your career in the ever-green noble profession of Pharmacy at Bengal School of

Dr. P. Suresh

Principal, Bengal School of Technology

My Dear Students,

It gives me immense pleasure to welcome you to Bengal School of Technology and Management (BSTM), where we are committed to nurturing future-ready professionals through quality education, innovation, and values. At BSTM, our dedicated faculty follows the academic guidelines of MAKAUT, AICTE, UGC, and other regulatory bodies while fostering an experiential, student-centric learning environment that encourages creativity, critical thinking, and problem-solving. We firmly believe that education extends beyond academic excellence—it shapes character, instills ethical values, and prepares students to become responsible citizens capable of making meaningful contributions to society. *"Education is the most powerful weapon which you can use to change the world."* – Nelson Mandela

At BSTM, we are committed to unlocking the potential of every student through innovative teaching methodologies, hands-on practical learning, industry interaction, collaborative learning, and our mentor-mentee system. Alongside academics, we promote holistic development through initiatives of the NSS, Career Guidance Cell, EDC Cell, Cultural Club, Yoga Club, Youth Welfare Department, and Centre for Women Empowerment, enabling students to develop leadership, confidence, life skills, and social responsibility. Together, we strive to create an environment where learning inspires excellence and every student is empowered to achieve personal and professional success. *"Learn everything that is good from others, and in your own way absorb it."* Swami Vivekananda I extend my best wishes for peace, prosperity, and success to all who are associated with the noble mission of spreading education and its enduring values.

Prof. (Dr.) Moloy Ghoshal

Principal, Bengal School of Technology and Management

VALUES AND DISTINCTIVENESS

Institutional values & Social responsibilities

- Systematic upgradation of students
- Sessions on yoga, meditation and value education
- Academic awards for the college level class toppers in each year
- Best library user award for students and faculty
- Dedicated Training and placement with IIPC
- Dedicated Library and knowledge centre block
- Solar panel as an alternate source of energy
- Support the global clarion call for URJA BACHAO
- Rain water harvesting as a water conservation measure
- Clean and green campus with academic ambience of industrial significance
- Initiative for practicing organic farming model

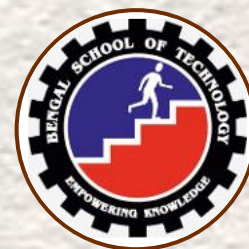

Institutional distinctiveness

- Zero Ragging Campus
- Promoting Women Empowerment
- Gender equality
- Well Equipped smart classrooms for pragmatic learning
- Practice School
- State-of-the Art Infrastructural facility
- Safety and barrier free environment
- Sanitary napkin vending machine in Girls Hostel
- Cultural activities
- Safe disposal of waste
- Clean and green campus
- Annual social get together of all employees & management

Social Responsibilities

- Distribution of blankets to the poor
- Distribution of food and toys in the orphanage
- Distribution of food in the Old Age Home
- Health Check-up camp in the Old Age Home
- Distribution of sanitizers during COVID-19 pandemic
- Financial support to employees on medical reasons
- Financial support to students on health ground
- Fee concession for needy students

**WELCOME
TO
BENGAL SCHOOL OF TECHNOLOGY
(A College of Pharmacy)**

VISION, MISSION & PEO

Approved by:
Pharmacy Council of India (PCI), New Delhi

Affiliated by:
Maulana Abul Kalam Azad University of Technology
*formerly, West Bengal University of Technology for UG & PG
and WBSCT VESD (TED) for Diploma*

Accredited by

NAAC (National Assessment and Accreditation Council) with GRADE A NBA (National Board of Accreditation)

VISION

To be an Institute where the bright youngsters of our society, who have opted for Pharmacy as a career, are nurtured to generate competent, skilled Pharmaceutical human resources with continued academic precocity and penchant for research, to meet the dynamic challenges of the Pharmaceutical Industry, Hospital Pharmacy, Regulatory affairs under the statutory organizations of the Government/private sector, Pharmaceutical entrepreneurship and all other relevant healthcare sectors, and to serve the society with a lifelong commitment to professional ethics.

MISSION

To produce highly competent, skilled Pharmacy human resources with continued academic precocity and penchant for research, with commitment for the concept of lifelong learning to meet the dynamic requirements of the ever expanding Pharmaceutical Industry, Hospital Pharmacy, Pharmaceutical entrepreneurship, services under the Government, and all other relevant healthcare sectors, as an important member of the healthcare team with a lifelong commitment to uphold the dignity of the Profession & professional ethics commensurating the Profession of Pharmacy with emphasis on quality health care services in the respective area of services.

PROGRAM EDUCATIONAL OBJECTIVES (PEO)

- Pursue higher studies in India / abroad in the emerging area of interest with continued academic precocity and penchant for research of social/Industrial significance.
- Imbibe adequate knowledge, skill and nurture with competency to handle the dynamic challenges of the ever growing pharmaceutical industry as a competent pharmaceutical technocrat with a commitment for quality.
- Nurture need based competency to transform in to a Pharmacy professional with desired skill to serve healthcare sector like Hospital Pharmacy/Clinical Pharmacy/Pharmacovigilance/ Community Pharmacy, and all allied areas of the dynamic health care sector with a commitment for professional ethics commensurating the Profession of Pharmacy, for effective Pharmaceutical Care.
- Serve as regulatory personnel in Drug control administration/Scientific officer in the statutory organizations/ Government analyst /all allied healthcare services under the government/private organizations, to deliver unmatched services of its kind.
Opt for teaching in the Pharmacy Institutions of Higher Education, with an inborn commitment to quality education with emphasis on ethical values in any chosen area of Pharmaceutical services.

ACCREDITATIONS

ACCREDITED BY NBA FOR B. PHARM

The National Board of Accreditation (NBA), India was initially established by the AICTE (All India Council of Technical Education) under section 10(u) of AICTE Act, in the year 1994. Further NBA became an independent autonomous body with effect from 7th January 2010 with the objectives of assurance of quality and relevance to technical education, especially of the programs in professional and technical disciplines, i.e., Engineering and Technology, Management, Architecture, Pharmacy and Hotel Management and Catering Technology, through the mechanism of accreditation of programs offered by technical institutions. Our Institute is accredited by NBA since the year 2019.

ACCREDITED BY NAAC

National Assessment and Accreditation Council (NAAC) was established by the UGC in September 1994 at Bangalore for evaluating the performance of the Universities and Colleges in the Country. The philosophy of NAAC is based on objective and continuous improvement rather than being punitive or judgmental, so that all institutions of higher learning are empowered to maximize their resources, opportunities and capabilities. Our Institute is accredited by NAAC with Grade B from the year 2017 to 2022 (1st Cycle) and with Grade A from the year 2023 to 2028 (2nd Cycle).

COURSES OFFERED

PROGRAM	DURATION (YRS)	ELIGIBILITY	INTAKE
D. PHARM	2	10 +2 PCM/B,CET	60
B. PHARM	4	10 +2 PCM/B , 45% MINIMUM , WBJEE /JEE MAIN RANK	100
B. PHARM (LATERAL)	3	D. PHARM WITH JELET QUALIFIED	10
M. PHARM (PHARMACEUTICS)	2	B. PHARM WITH PGET AND GPAT	15
M. PHARM (PHARMACOLOGY)	2	B. PHARM WITH PGET AND GPAT	12

ABOUT COURSES

About D. Pharm Course

D. Pharm is a two year diploma level course for those who wish to study pharmacy and begin a career in the medicine field. After completion of Diploma in Pharmacy (D.Pharm) program of Education Regulations 2020 (ER-2020) from the institutions approved by the Pharmacy Council of India, the candidates not only become registered pharmacists but are also expected to attain the following professional competencies.

D. Pharma can only be offered by colleges and institutes which are approved by the Pharmacy Council of India (PCI) under sub-section 1 of Section 12 of the Pharmacy Act, 1948. There is no specialisation in D Pharmacy and this course only provides candidates with the basic concepts of pharmaceutical science.

About B. Pharm Course

Bachelor of Pharmacy (B.Pharm) is a four-year undergraduate program in which students study the methods and process of preparing drugs and how does the dispensing of medicine and drugs take place. Anyone who aspires to be a pharmacist today, it is mandatory for them to undertake this course so that they have thorough and in-depth knowledge of the science of the medicine.

It is a four-year-long course and is mainly divided into 8 semesters, depending upon the course work and practical sessions. B.Pharm imparts useful knowledge about biochemical science and healthcare business. Students during their course work have to perform various practical and experiment

The regulatory body for the program is Pharmacy Council of India (PCI), which is responsible for laying down all norms and regulations for the B. Pharma course. The course enables candidates to practice the profession of a Pharmacist after graduation. B.Pharmacy degree has a lot of scope and is going to flourish more in the coming years as there is a great demand for healthcare professionals who can prepare drugs to battle a number of diseases and deficiencies.

About M. Pharmacy Course

Master of Pharmacy or M.Pharm is a two-year postgraduate pharmacy course for those who seek research and high-level jobs in the field of pharmacy. The course covers advanced topics in this field and with the process of turning a new chemical element into medicines or compounds that can be used for medicinal purposes.

The course is highly career-oriented and opens up excellent opportunities for those who want to pursue research jobs in pharmacy domain.

The faculty and students of the department are actively engaged in research on frontline thrust areas of drug delivery research including industry collaborated projects, as well as projects in partnership with Govt. research institutes. Students are kept updated with regular assignment and seminars including guest lectures delivered by resource-persons drawn from Industry & research Institutions.

ELIGIBILITY

● For D. Pharm Course

Candidates must pass Higher Secondary Board Examination of WBCHSE or equivalent examination from recognized councils or boards with Physics and Chemistry as compulsory subjects along with Mathematics/Biology.

● For B. Pharm: (As laid down by West Bengal Joint Entrance Examinations Board / Pharmacy Council of India)

Candidate must qualify WBJEE (Engineering/Medical/Combined) or JEE (Main) and must pass Higher Secondary (10+2) Examination of WBCHSE or equivalent examination from a recognized Council/Board with:

- Individual pass marks in Physics and Chemistry as compulsory subjects.
- Minimum of 45% marks in the above subjects taken together (40% for SC/ST/PWD/OBC candidates) as well as pass in English with a minimum of 30% marks (for all categories of candidates) in the said qualifying examination (10+2).

● Lateral Entry in B. Pharm

Candidates, who have passed D. Pharmacy examination with a minimum of 45% marks from approved Institutions and qualified in JELET, will be admitted in 3rd semester of the B Pharm course. Seats in addition to the sanctioned intake at first year level (limited to maximum 10%) will be reserved for such candidates.

For M. Pharm: The applicant should be B. Pharm pass and PGET qualified. Students with valid GPAT rank should also qualify the PGET to get admission into M. Pharm program.

COLLEGE AT A GLANCE

- Established in the year 2006 under the auspices of a dynamic and visionary management SEDCO with unmatched commitment for quality education.
- Offers Diploma in Pharmacy (2yrs.), Bachelor of Pharmacy (4yrs), Master of Pharmacy in Pharmaceutics (2yrs) and Master of Pharmacy in Pharmacology (2yrs).
- Approved by CCSEA Govt. of India for experimentation on laboratory animals
- Located in a picturesque campus at Sugandha Delhi Road, Near Chuchura Railway station, Hooghly
- A clean and green campus with an ambience of academic culture.
- Excellent placement record in all core sectors of professional services
- Highly experienced, dynamic and dedicated teaching faculty.
- State-of-the-art infrastructure with well equipped laboratories, Computer laboratory, Language laboratory
- Well-equipped Central Instrumentation Laboratory with high end instrumentations like FT-IR, UV- Spectrophotometer, HPLC, Bioanalyzer, Lyophilizer etc.
- State-of-the-art Auditorium, Knowledge Resource Center, Museum, Herbal Garden, Animal House.
- Smart class rooms, Lecture halls, Tutorials, E-Cell , IQAC and dedicated Examination cell
- Wi-Fi enabled campus with 100mbps internet speed.
- Separate Hostel for Boys and Girls inside the campus with 24 hours power back up facilities.
- College canteen and cafeteria provides healthy, hygienic multi-cuisine menu
- Excellent facilities of Indoor and Outdoor sports, Gymnasium, Cafeteria and Canteen.
- Dynamic training and placement cell for industrial training and placement activity.

- MoU with Pharma Industry.
- Excellent grooming of graduates with need based market driven graduate attributes .
- Effective Mentor-Mentee monitoring mechanism with special care for slow learners .
- Provides support for bank loans and different kind of scholarships.
- Outstanding performance is honored with an award of appreciation.
- Strict adherence to non-negotiable academic calendar of MAKAUT and strong commitment for effective Mandatory Additional Requirement.
- Excellent Teaching Learning Methodology with innovative practices and beyond the class room activity.
- Students are encouraged to participate in Unnat Bharat Abhiyan, NSS, Seminars, Conferences, Cultural activity, Annual sports, etc.
- Academic monitoring is done through the Program Committee where in students of each class are the members of the Program Committee.
- The institute organizes workshops, seminars and guest lectures by inviting experts from relevant field, from India and abroad.

LIBRARY

The library is the main learning resource center and provides services and facilitates to meet the requirements to study, teaching, training, research and consultancy programmes. It is the ocean of knowledge and acts as a backbone for nurturing the young minds and the institution has the most rich resource center of creativity. The library offers access to a wide range of both printed and electronic sources of information, particularly, the current affairs related to global economy and technological inventions to the students as well as the faculty member.

The library is computerized and every student can access books from internet and has ergonomically designed sitting arrangements, which provides the students with perfect ambience of learning. Easy access to the internet in the library helps the students doing in-depth study. The library is digitalized and upgraded by LIBSYS making library working and transaction easier and smoother.

COMPUTER CENTRE

Computer Center

The computer center is the heart of the any technical institute. With the recent boom in the information technology (IT), computer has become an absolute necessity in every stream of education as well as in every profession. BST has therefore, made a huge investment in setting up and maintaining an excellent computer center with new age technology to integrate the use of IT. The computer center offers an excellent infrastructure for imparting software and hardware skills to the students using latest software tools and technologies. The institute has sophisticated, state of the art computer lab, a fully networked environment, high performance servers, the latest Intel processor based systems, broadband internet access, the required software (licensed), the best of printers, scanners, CD/DVD writers, Special statistical packages, CAD/CAM workstation, decision support system and electronic databases. Students are assured of more than adequate computer time, an excellent IT environment, qualified and extremely helpful staff and all the necessary software support. The students can work on their assignments, prepare their presentations, persue computer courses, learn new languages, keep up to date with technology, perfect their programming skills receive online training and hone their computing skill here.

LABORATORY

The laboratory is the heart and soul of any pharmaceutical institute. Much emphasis has therefore, been given to build up most modern laboratories for the use of students. All laboratories are well ventilated, spacious, and equipped with gas, water, electricity and high quality chemicals, instruments. The college has all the labs required to take care of practical classes as stipulated in the syllabus of University and they are as per PCI. Separate Research And Development Laboratories are maintained to encourage students for research work.

Instrumentation Facility

Bengal School of Technology provides students with the state-of-the art instruments for equipping them with the latest practical knowledge. Following are some of the most important sophisticated instruments available at BST, which are being routinely used by our D. Pharm, UG, PG and faculty for their regular laboratory and research work.

MEDICINAL PLANT GARDEN, ANIMAL HOUSE & MUSEUM

A Medicinal Plant Garden serves several purposes, such as

- ➔ To provide students the opportunity to learn pharmacognosy by studying the cultivation and preservation of medicinals, volatile oil yielding and aromatic plants from which several drugs and pharmaceuticals are obtained.
- To provide authenticated herbs and plant samples required in regular practicals and research investigations.
- ➔ To provide an opportunity to investigate the possibility of successfully cultivating exotic plants and herbs in the local geo-climatic environment.
- ➔ To provide an opportunity to study the factors essential for maximizing drug output of superior quality from plants and herbs.
- ➔ Our medicinal plant garden is situated behind the main Pharmacy building providing serene view and greenery. The garden functions as a display area for plants, herbs and spices as well as a source of conservation of several standard botanical specimens.
- ➔ The plants are cultivated and preserved in rectangular beds and are well labeled for easy identification and to facilitate teaching. Our medicinal plant garden comprises of a variety of plant species as per the requirements of the course.

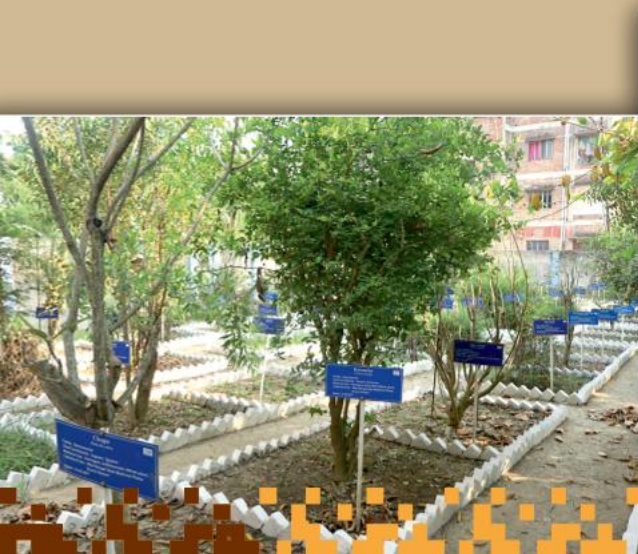

Animal House

Drugs and pharmaceuticals need to be tested on animals prior to human administration. Therefore, a Pharmacy College needs to maintain a well-equipped animal house facility for enabling the students to study the effects of drugs on animal models. In line with this requirement, our College maintains a well-equipped animal house, set-up and maintained as per CCSEA (Committee Control of Supervision on Experiments on Animals). Experiments are conducted and used / dead animals are disposed off strictly as per the guidelines of CCSEA. Our animal house maintains several species of animals such as mice, rats, guinea pigs and rabbits. Registration number 1726/PO/Ere/S/14/CCSEA has been assigned to our animal house by Ministry of Environment. Forests & Climate Change; Govt. of India.

Pharmaceutical Museum

A Pharmaceutical museum with display of proprietary medicines, containers, closures, instruments, charts, specimens, etc, depicting the various facets of the profession of Pharmacy, is established which proves to be very informative and educative.

BST-PHARMACON 2K25

BST-PHARMACON 2K25, a national seminar held on March 8th and 9th, 2025, focusing on "Innovations in Pharmaceutical Sciences: Re-Shaping the Healthcare System" was organized by Bengal School of Technology. The event featured a variety of competitions, including poster presentations, oral presentations, elocution, and dance performances, providing participants with opportunities to showcase their talents and knowledge. The seminar began with a key note address by Dr. N. K Jain (Ex Professor and Head Dept. of Pharmaceutical Sciences) followed by plenary session on Day 1 by eminent speaker Dr. Atmaram Pawar (Principal Poona College of Pharmacy) and Dr. Mahesh D. Burande (Honorary Director, Institute of pharmaceutical education and research, pune). The elocution and inter-college dance competition was a new initiative to encourage the students to showcase their talents in all aspects. Day 2 of Pharmacon began with the plenary session by Dr. Gaurav Kumar Jain (Associate Professor at the Center for Advanced Formulation Technology) and Dr. Emdad Hossain (Department of Pharmaceutical Technology) followed by oral presentation and poster presentation.

ACHIEVEMENTS

The institute is reckoned as one of the leading B Pharm and M Pharm college of West Bengal, in a way in India, and receiving overwhelming support and confidence from all concerned - its students and their guardians - because of our commitment for imparting quality education to the upcoming generation. Established in 2006, Bengal School of Technology has won 5 university gold medals, 4 university silver medals and 3 university bronze medals. A good number of patents and several publications (national and international) make our college a good knowledge hub. Students and faculty members are constantly working to contribute in the scientific field.

NPTEL (SWAYAM)

The *National Programme on Technology Enhanced Learning (NPTEL)* is a prestigious initiative by the Indian Institutes of Technology (IITs) and the Indian Institute of Science (IISc), funded by the Ministry of Education, Government of India. Launched in 2003, NPTEL aims to provide high-quality educational resources in engineering, science, management, and humanities to students across the country.

Bengal School of Technology actively encourages students to enroll in NPTEL Online Certification Courses offered through the SWAYAM platform. These courses are delivered by expert faculty from IITs and IISc and are designed to supplement the university curriculum with advanced knowledge and industry-relevant skills.

NPTEL offers a wide range of online courses (4, 8, and 12 weeks duration) with video lectures, assignments, and certification examinations. Students can access course materials free of cost, while certification is awarded upon successful completion of assignments and a proctored examination.

The institute provides structured support to students through faculty mentors, regular updates, and guidance for course selection and completion. This initiative helps students enhance their academic performance, develop interdisciplinary knowledge, and improve employability.

Participation in NPTEL courses reflects the institution's commitment to technology-enabled learning and academic excellence, ensuring that students are well-equipped for future challenges.

UGC Recognition under Section 2(f)

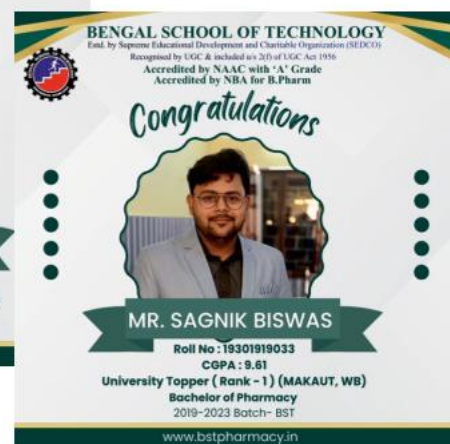

Bengal School of Technology has been recognized by the University Grants Commission (UGC) under Section 2(f) of the UGC Act, 1956, marking a significant milestone in its journey of academic excellence.

This recognition affirms that the institution meets the standards set by the UGC and is eligible to receive central assistance and participate in various academic development initiatives. It enhances the credibility and national acceptance of the institute and its programmes.

The inclusion under Section 2(f) enables Bengal School of Technology to:

- Strengthen academic and research activities
- Access UGC-funded schemes and projects
- Enhance institutional quality and infrastructure
- Provide greater academic recognition to its students

This achievement reflects the institute's continuous commitment to quality education, regulatory compliance, and excellence in pharmaceutical education.

ACADEMICS

Methodology

The attendance and performance of the students are monitored continuously and regular class test are conducted and appraisals with attendance percentage and marks are sent to parents. The college offers both in depth theory and intensive practical class in all the subjects as per MAKAUT /PCI syllabus.

Student Mentoring System

A robust mentoring system is developed at Bengal School of Technology. The system involves monthly meeting between the deputed faculties (Mentors) with the students. All aspects of the academic and other related developments of the students are noted and the improvement areas for each of the students are individually discussed.

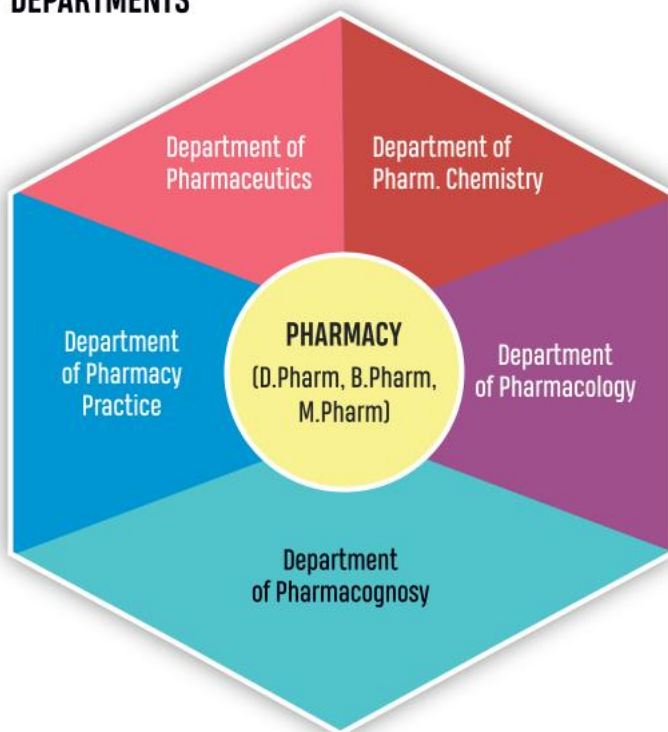

Financial Aids and Facilities

The institute has made arrangements with the banks for providing educational loans, available to the eligible candidates. Railways concessions are provided for the students of the institute. Merit-cum-means scholarship for minority students is provided through WB Govt. Minority cell. Entertainment facilities like cable television, indoor and outdoor games are also provided to the students.

College Registration

Each student shall have to enrol him/her at the beginning of each semester, failing to do so will not be eligible to appear semester examinations. Each student will register him/her with the university / council at the beginning of course.

DEPARTMENTS

R & D CELL

Research and Development is an important area of our civilization, without its successful implementation on long term basis it will be quite impossible to combat against the devastating infectious as well as life-threatening diseases. Today what we are enjoying in our day to day life as facilities starting from electronics goods to medicines all are the blessings of scientists or technologists who have invented these by their hardwork and intelligence. Any ordinary student becomes extra-ordinary by repeatedly doing ordinary work that means practice makes a man perfect. It is true that being a professional people if we can focus on the research and if the outcomes of the research may be very simple, or it may be negative also, yet it can create a lot of sense/impact to the society, nation as a whole to the globe.

Keeping all the above incidences in mind, R & D Cell of Bengal School of Technology has been formed by consisting of Senior, experienced professor and young, dynamic, energetic faculty members those are actively involved in undergraduate, postgraduate & doctoral research supervision not only as a first step of NBA accreditation process, but also to correlate the theoretical knowledge acquired by our beloved pupils with its practical implementation and to motivate them for performing research or to create keen interest towards research for better socialism. Presently the committee consists of senior professors with long research experience and young energetic faculties of the college.

To inculcate the research atmosphere in the Institution the R & D Committee organizes seminars, Guest talk, Finishing school, etc. The seminars were highly attended by delegates from our Institution as well as from neighboring pharmacy colleges and universities from other state also. Our R & D Committee is always ready to organized more seminars, conferences and workshop with eminent, renowned Scientists or with hardcore academicians.

INDUSTRY INSTITUTE PARTNERSHIP CELL (IIPC)

The cell actively arranges summer training for students in industries such as Bengal Chemicals & Pharmaceuticals Ltd., Dey's Medical Stores Ltd., Caplet India, Albert David Ltd., Pasteur Laboratories, Gluconate Health Ltd., Indian Drugs & Pharmaceuticals, East India Pharmaceuticals

Works Ltd., Palsons Derma, Diamond Drugs Pvt. Ltd., Stadmed Pvt. Ltd. and Standard Pharmaceuticals Ltd.. Outside the state the training has been arranged at Micro Labs Ltd., Wockhardt, Hetero Drugs, Zydus Cadila,

GOVT. OF WEST BENGAL
SINGUR RURAL HOSPITAL
SINGUR, HOOGHLY
ESTD - 1932

Medopharm, Alkem Laboratories Ltd. and Drakt Pharmaceutical Pvt. Ltd. to name a few. It is also responsible for a catalytic role in improving industry institution understanding through holding seminars and lecture series from industry experts.

Under the stewardship of IIPC the students do regularly visit local Pharmaceutical Industries like Stadmed Pharmaceuticals Ltd., Standard Pharmaceuticals Ltd., East India Pharmaceutical Works Ltd., Bengal Chemicals & Pharmaceuticals Ltd., Dey's Medical Stores Ltd. etc for a firsthand experience about the working of pharmaceutical industries. The committee also actively seeks consultancy work from industrial houses to enhance the industry-institution bonding. Beside these, it also connects with the various hospitals and Clinical Research Organizations for employment.

WOMEN CELL & E-CELL

Women Cell

The Institute has established a Women Cell in the college campus for the women faculty, staff and girl students, to enhance understanding of issues related to women and to make the college campus a safe place for them. With an aim of creating awareness of their rights and duties the cell organizes and participates in seminars, talks and also takes up women's issues and problems. It also provides a platform for women to share their experiences and views regarding their status in the society and to suggest ways to improve and empower themselves. Aiming at intellectual and social upliftment of the female students, the cell stands for facilitating women's empowerment through guest lectures, seminars, awareness programmes life skill training programmes, entrepreneur training and other welfare activities.

Entrepreneurship Development Cell (E-Cell)

The Entrepreneurship Development Cell at Bengal School of Technology was conceived in the year 2016 to develop the entrepreneurial ecosystem in the campus. It caters to all the students of the college and has Tie up with knowledge partner National Entrepreneurship Network (NEN) since then, our students have completed Government courses in Entrepreneurship namely (WF-NEN 100 and WF-NEN 101) respectively. The college has also put together on display the innate Entrepreneurial skills of the budding students during the Entrepreneurship Week. The program registered about 250 student participants from the college itself and was a grand success and acclaimed throughout by National Entrepreneurship Network (NEN). The E-Cell of the college is also in the process of applying for Grants from various national agencies. Since inception the E-Cell of the institute has received attention and encouragement from one and all as well as NEN.

TRAINING & PLACEMENT

Training & Placement Cell has an important role to play in a student's future and is an indispensable pillar of the Institute.

This cell continuously strives to help students in pursuing their career goals by acquiring employment-seeking skills and ultimately to attain desired employment. This is accomplished through building a strong partnership amongst students, alumni, faculty-members and industries.

Personality development is one of the most important aspects of training sessions, wherein the Training Cell organizes a series of tests and workshops to recognize their talent and shortcomings. The main aim of the Training Cell is to groom students so that they can deal with challenging situations at work. Since pre-placement time can be quite daunting, these sessions also help in motivating the students by conducting various workshops on how to increase their self-esteem.

We at Bengal School of Technology follow centralized placement activity which gives each student equal opportunity to grow for

sustained excellence in career through training & placement.

Towards this, a Training and Placement Cell has been established with the following major objectives in order to assist students to develop their academic and career interests, and help them in achieving their short-term and long-term goals through individual counseling and group discussion.

➔ Assist students to develop and implement successful job search strategies.

➔ Work with faculty members, department heads and administration to integrate career planning with academic curriculum.

➔ Empower students with life-long, career decision-making skills.

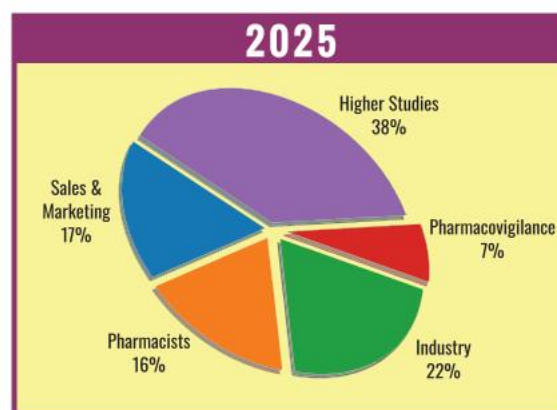

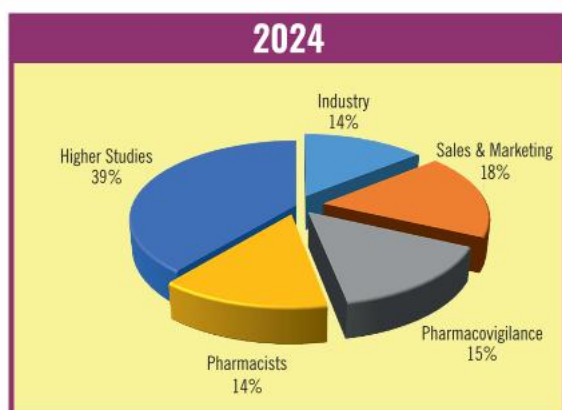

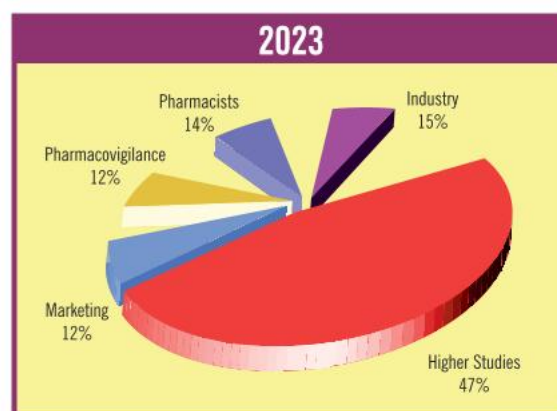

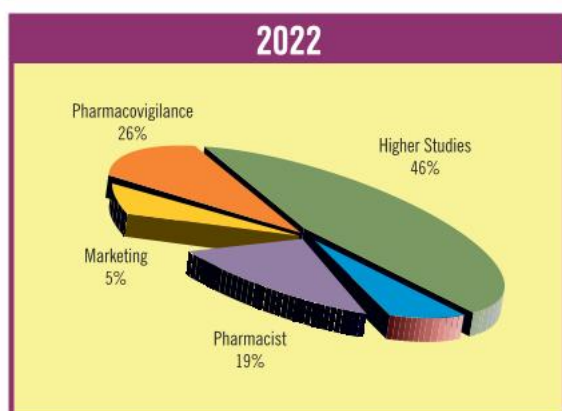

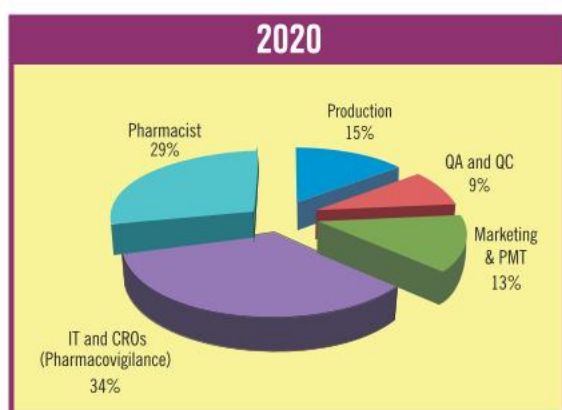

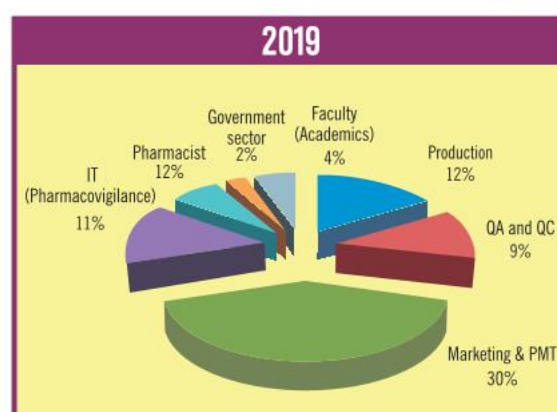

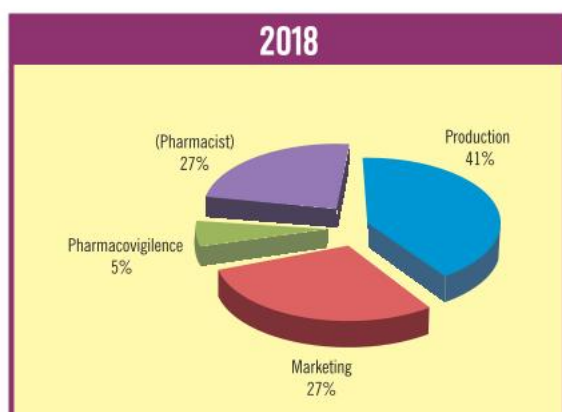

➔ Providing resources and activities to facilitate the career-planning process.

➔ Act as an interface among students, alumni and the employment community.

➔ Create awareness in the students regarding future career options.

PLACEMENT SCENARIO

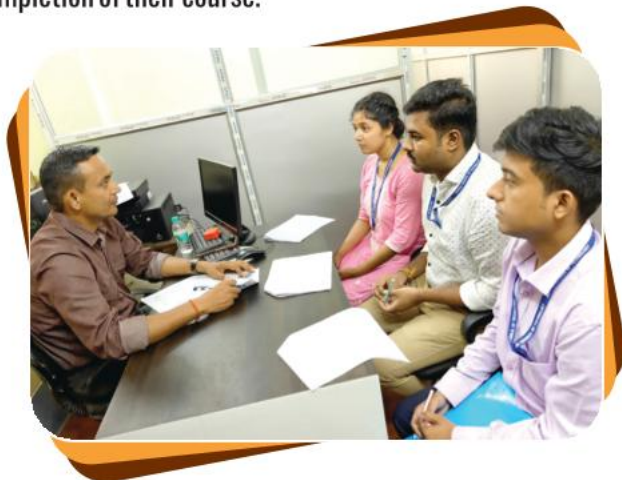

PLACEMENT

The institute is committed to provide its students the resource and skills necessary to pursue their career goals. The institute has developed a very strong placement cell to offer counseling in the development and placement for BST students. Agreements have been made with a number of top-notch pharmaceutical companies to come to the institute to interview and recruit for summer internship and placement position. The placement office will cultivate relationships with potential employers and encourage them to participate in informal on-campus recruitment process.

Various companies such as, Indus, Aventis, Abbott, GSK, Piramal, Martina-Biogenics, Cadila Pharmaceuticals, Cipla Ltd., Dey's Medical, Dr. Reddy's Lab, Elder Pharma, Phenop Drugs Ltd., Gena Pharmaceuticals, IPCA Laboratories, La Chemico Ltd., Lupin Ltd., Medline Pharma, Ranbaxy Laboratories Ltd., Torrent Pharma, Troikka Pharmaceuticals, etc., have visited and recruited students from our campus. Recently, GSK, Medopharm, Macleods Pharmaceuticals, Standard Pharmaceuticals and Software giant Wipro, Cognizant, etc, have selected our students even before completion of their course.

SPANDAN- 2K25

The BST Pharma Alumni Association of Bengal School of Technology has organized a much-awaited alumni meet, "Spandan" on 5th October, 2024. Generally, the alumni meet is organized every alternative year and it was the turn of 2K24. Numerous alumni have revisited their alma mater to relive their cherished memories of college days. The day began with a warm welcome note and a special video presentation containing the nostalgic memories from 2006 till date. The current students of BST prepared a special cultural program for their beloved seniors and many alumni showcased their talents of singing, dancing, recitation etc in the same familiar stage. Some of the esteemed ex-BSTians also prepared presentations and had a short but outstanding interactive session with their juniors to guide them in their chosen fields. Overall, it was a wonderful day filled with some heartfelt shared memories.

WELCOME TO BENGAL SCHOOL OF TECHNOLOGY AND MANAGEMENT

Welcome to BSTM

BSTM stands for academic excellence combined with practical exposure. The College emphasizes real-world learning through industrial training, seminars, and workshops, supported by a team of experienced faculty from academia and industry. Modern teaching aids, technology-driven classrooms, and continuous grooming and soft-skill development from the first year ensure that students are industry-ready and well-prepared for placements in reputed organizations.

BSTM also focuses on the overall development of students by encouraging social engagement and creative activities. The campus offers separate, secure hostel facilities for boys and girls and maintains a completely ragging-free, serene learning environment. Strategically located on the highway and just ten minutes from Chinsurah Railway Station, BSTM provides both accessibility and an ideal atmosphere for effective teaching and learning.

Vision, Mission & PEO

VISION

To emerge as one of the aspiring Business Schools in the country providing Quality Management Education and foundation for Life Transformation.

Our mission is to nurture agile leaders of high integrity, grounded in strong values, and equipped with the critical thinking and decision-making abilities for leading Organisational transformations in the wake of disruptive technological environment.

MISSION

Programme Educational Objectives (PEO)

- *Entrepreneurial perspective: Students will identify, assess, and shape entrepreneurial opportunities in a variety of contexts.*
- *Professional communication and behavioral skills: Students will demonstrate effective communication & professional behavioral skills in business settings.*
- *Ethical and social responsibility perspective: Students will understand business ethics and issues of social responsibility.*
- *Enhance analytical and problem solving skills: Students will demonstrate problem solving skills supported by appropriate analytical and quantitative techniques.*
- *A broad knowledge of the functional areas of business and an understanding of the diverse contexts of business.*

BSTM-Bustling Hub of Academics

Diwali- The festival of lights

International Women's Day Celebration.

Campus

The campus of BSTM with aesthetically designed building, its stimulating environment and serenity are all very inspiring and conducive to assimilate the study with peace and tranquility. The Institute has all modern resources needed to provide quality education and facilitate better learning.

The Culture

It is a combination of language, behaviour, values and philosophy or outlook that are part of a college education. Our college indulges its students in various cultural activities as well. It gives them opportunity for enriching themselves with other aspects of life apart from curriculum.

Methodology

The College offers both in-depth theory and intensive practical classes in all the major operational subjects. The attendance through ERP system and performance of the students are monitored continuously. The regular class tests are conducted and marks obtained by the students in those tests together with the percentage of their attendance in the classes are shared with the parents on regular basis.

Dept. of Business Administration (BBA)

In India, pursuing a Bachelor of Business Administration (BBA) holds significant value for students aspiring to enter the dynamic world of business and management. The country's economy is rapidly growing, with diverse industries flourishing and evolving, creating a demand for skilled professionals with a strong business acumen. BBA equips students with a comprehensive understanding of key business concepts such as finance, marketing, human resources, operations, and entrepreneurship. This foundational knowledge is crucial for navigating the complexities of modern business environments and developing strategic solutions to real-world challenges.

Moreover, India's business landscape is becoming increasingly globalized, emphasizing the need for professionals who can operate effectively in an international context. The BBA program in India offers opportunities for global exposure through student internships with multinational corporations, and collaborations with international institutions. This exposure not only broadens students' perspectives but also enhances their cross-cultural communication skills and global business competencies, making them competitive in the global job market.

Furthermore, the job market in India is highly competitive, with employers seeking candidates who possess not only theoretical knowledge but also practical skills and industry experience. BBA programs often incorporate internships, industry projects, and practical training, allowing students to apply their learning in real business scenarios. This hands-on experience not only enhances their employability but also helps them develop critical thinking, problem-solving, and leadership abilities, which are highly valued by employers.

In essence, the need for doing a BBA in India lies in the combination of a rapidly growing economy, increasing globalization, competitive job market, practical learning opportunities, and extensive networking avenues, all of which contribute to prepare students to build a successful career in the dynamic field of business and management.

Shaping the Budding Managers...

Dept. of Computer Application (BCA)

Pursuing a Bachelor of Computer Applications (BCA) in India is essential for individuals aspiring to build a successful career in the ever-evolving field of Information Technology (IT). With India's rapidly growing IT sector, which encompasses software development, cybersecurity, data analytics, cloud computing, and more, there is a substantial demand for skilled IT professionals across various industries. BCA program in India offer a comprehensive curriculum that covers essential subjects such as programming languages, database management, web development, networking, and software engineering. This structured education equips students with the necessary technical skills and knowledge required to excel in the IT industry.

Furthermore, the practical training and industry exposure provided during BCA program through internships, projects, and workshops are invaluable. They allow students to apply theoretical concepts to real-world scenarios, develop problem-solving abilities, and gain hands-on experience with cutting-edge technologies. The emphasis on practical learning not only enhances students' employability but also prepares them to meet the demands of a competitive job market.

Moreover, India's reputation as a global IT destination opens up a plethora of job opportunities for BCA graduates both within the country and internationally. Roles such as software developer, systems analyst, database administrator, network engineer, and IT consultant are just a few examples of the diverse career paths available to BCA graduates. Additionally, the continuous advancements in technology and digital transformation initiatives across industries ensure a steady demand for skilled IT professionals, making BCA a relevant and rewarding degree choice.

In essence, the need for doing BCA in India lies in the thriving IT sector, the diverse career opportunities it offers, the practical and industry-oriented education provided by BCA programs, and the potential for continuous growth and advancement in the dynamic field of Information Technology.

The Technocrats of tomorrow!

Dept. of Hospitality & Hotel Administration (B.Sc.HHA)

The demand for Bachelor of Science (B.Sc.) in Hospitality and Hotel Administration in India can be illustrated through numerical data. According to industry reports, India's hospitality and tourism sector has been experiencing robust growth, contributing significantly to the country's economy. In 2025, the direct contribution of Tourism and Hospitality industry to India's GDP was over 18.76 billion USD & forecasted to be 523 billion USD by 2034.

In terms of employment opportunities, the hospitality industry in India is expected to create millions of job openings in various roles such as hotel managers, event planners, food and beverage managers, front office executives, and travel consultants. The Indian government's initiatives to promote tourism through the "Incredible India" campaign, are also driving the need for skilled professionals in the hospitality sector.

Additionally, the increasing number of domestic and international tourists visiting India has led to a surge in hotel and resort developments across the country. As of April 2025, India has more than 2008 hotels in the star category, indicating a growing demand for trained personnel to manage these establishments efficiently.

Pursuing a B.Sc. in Hospitality & Hotel Administration in India not only aligns with the industry's growth trajectory but also offers promising career prospects and opportunities for professional advancement in a thriving sector.

Nurturing the next generation of Hospitality....

Eligibility & Admission Criteria

Eligibility :

The applicant should have passed the Higher Secondary Examination under

West Bengal Council of Higher Secondary Education or its equivalent Examination from a recognized University / Board in any stream with English, as a main subject

Syllabus :

The detailed syllabus for the aforesaid courses are available at

https://makautexam.net/new_syllabus.html

Admission Form :

As per MAKAUT norms, all students intending to pursue an **AICTE** programmes (BBA, BCA, B.Sc.HHA, etc.) in different Colleges / Institutes will have to appear and qualify in the **Common Entrance Test (CET)**.

The aforesaid stipulation will help the students in a big way to get Educational Loan from the Banks as it is one of the main criteria for sanctioning such loan by the bank. The Entrance Test (CET) is organised by the Competent Authority viz, the University (MAKAUT)

The interested Students are therefore advised to contact our Institute for details. The Institute also organize free coaching classes for students who intend to appear in the CET.

All selected students are required to register with (MAKAUT) at the beginning of the course. At the time of registration students will also be required to submit the relevant documents/testimonials and to give an undertaking to abide by the rules & regulations of the College / University, pay their fees in time as well as an Anti-Ragging undertaking.

Admission Procedure :

Prospectus and Admission Kit are available from the College Campus. Admission forms duly filled is to be submitted to the college at the time of admission.

**** Admission Criteria may vary from year to year.**

- Highly experienced, dynamic and dedicated teaching faculty.
- State-of-the-art infrastructure with well equipped Computer Labs, Language Labs, Production and Service Labs, model rooms of Hotel, Restaurant for Practical services and many more.
- State-of-the-art Auditorium, Knowledge Resource Center etc.
- Smart classrooms, Lecture halls, Tutorial Classrooms & dedicated Examination cell.
- Wi-Fi enabled campus with 100 mbps internet speed.
- Separate Hostel for Boys and Girls inside the campus with 24 hours power back up facilities.

Library

At BSTM, our library is a vital resource dedicated to enhance the educational experience of our students. It boasts an extensive collection of academic books, journals, and digital resources that cater to a diverse range of disciplines. Designed with both functionality and comfort in mind, the library offers a serene environment conducive to study and research. With cutting-edge technology and ample study spaces, it provides an ideal setting for students to delve into their academic pursuits, collaborate on projects, and foster a lifelong love for learning. Our commitment to supporting scholarly excellence is reflected in the library's role as a central hub for intellectual growth and academic success.

The library is equipped with latest software like, KOHA making library work easier and smoother.

Computer Lab & Digital Lab

Computer Lab.

The computer Lab is the heart of the any technical institute. With the boom of information technology (IT), computer has become an absolute necessity in every stream of education as well as in every profession. BSTM has therefore, made a huge arrangement in setting up and maintaining an excellent computer center with new age technology to integrate the use of IT. The computer center offers an excellent infrastructure for imparting software and hardware skills to the students using latest software tools & technologies. The institute has sophisticated, state of the art computer lab, a fully wi-fi enabled environment, high performance servers, the latest Intel processor based systems, broadband internet access, the latest licensed software, the best of printers, scanners, CD/DVD writers, special statistical packages, CAD/CAM workstation, decision support system and electronic databases. Students are assured of more than adequate computer time, an excellent IT environment, qualified and extremely helpful staff and all the necessary software support. The students can work on their assignments, prepare their presentations, pursue computer courses, learn new languages, keep up to date with technology, perfect their programming skills receive online training and hone their computing skill here.

Digital Lab.

Digital Lab of BSTM provides access to real devices and browsers through automation interface with a guaranteed level of uptime, or service availability, to support agile development of web and mobile apps. With the available facilities, Electronics and Microprocessor based project works are carried out by the students. This is a basic yet one of the most useful experimental laboratories with the advanced equipments and facilities. It is utilized by students for their experiments. It explores the design, construction, and debugging of analog and digital electronic circuits.

Hotel Management Laboratories

Food Production & Bakery Lab.

These Laboratories are used for imparting cooking skills to the students. 'Training kitchens,' equip the students with the art of culinary science which involves production of various cuisines across the world. The Students are trained in Basic Training Kitchen, Advanced Training Kitchen, Quantity Kitchen and Bakery.

Food & Beverage Service Lab. (F&B)

F&B service Lab consists of Food and Beverage service, table laying and wine service, basic Training about Restaurant service manners, etc. F & B Service lab is equipped with all the amenities which assist the students during their practical classes and impart hands-on training to the students in the food and beverage service area with the help of this kind of labs, students will gather knowledge of Food & Beverage Service Manager, Assistant Food & Beverage Service Manager, Restaurant Manager, Banquet Manager, Bar Manager, FB Staff attitude, appearance, body language, punctuality and many more.

Housekeeping Lab.

The Front Office laboratory is specifically designed to replicate an actual lobby of a 5-star hotel. In the spacious Front Office Laboratory, practical classes are held, where in the students are trained to take Guest check-ins, check-outs and face various mock situations put forth by the trained lecturer as well as to polish their soft skills and to make them experts in all types of guest and telephone handling and dealing with Guest requests.

Front Office Lab.

The House Keeping Laboratory consists of a guest room with well designed interiors where students are trained in bed making, layout planning and in general upkeep of guest rooms. Moreover, the mock Housekeeping Laboratory and the Laundry equipped with washing machines, driers, and a wash area enable students to get the right feel of the housekeeping department what one may find in any star category hotel.

Scholarships & Student Support Schemes

At BSTM, we believe that financial constraints should never be a barrier to education. We proudly offer access to the following government-backed schemes and scholarships:

✓ PM VIDYALAKSHMI SCHEME

★ **MAKAUT**, our parent university, is proudly ranked among the **Top 860** Institutions in India under this prestigious scheme

✓ WEST BENGAL STUDENT CREDIT CARD SCHEME

✓ SWAMI VIVEKANANDA MERIT-CUM-MEANS SCHOLARSHIP

✓ KANYASHREE PRAKALPA

✓ OASIS SCHOLARSHIP (SC/ST/OBC STUDENTS)

📌 All scholarships are subject to eligibility and government norms. Our Institute offers complete guidance for the application process.

SWAYAM & MOOCS at BSTM

At BSTM College, we believe in empowering students with global knowledge and flexible learning opportunities. That's why we actively offer and encourage enrollment in government-recognized SWAYAM and MOOCS platforms.

♥ **Mentorship Support:** Our faculty provides full guidance, support, and even project-based mentoring to help students complete courses successfully.

🌐 **Academic Credit Transfer:** Earn credits from online courses that can be officially transferred into your semester performance as per UGC guidelines.

FACILITIES AT A GLANCE

Auditorium

The college has a well furnished auditorium with seating capacity of 250+ persons for conducting seminars, special training sessions, guest lectures, etc.

Hostel

Excellent hostel accommodation, on twin & triple sharing basis is provided separately for boys and girls. Separate hostel facility is available for first year students. Comfortable rooms with toilets and essential furnishing are provided with uninterrupted power supply.

Cafeteria

A canteen and cafeteria has been established in the college campus for supplying hygienic and nutritious foods to the students, faculties, guests and staff at a reasonable price.

Language Lab

Good communication skills are indispensable for the success of any professional. The language laboratory plays an important role in the language learning process. Innovative products such as digital multimedia control, headsets and microphones, the interactive response pad, etc. are very useful for students learning languages for communication. The electronic devices used in our laboratory will stimulate the eyes and ears of the student to acquire the language quickly and easily. The laboratory's collection is designed to assist learners in the acquisition and maintenance of aural comprehension, oral proficiency, and cultural awareness.

RECREATIONAL & CULTURAL PROGRAMME

College Wall Magazine

In addition to imparting knowledge and skills a major thrust is also given in inculcating the culture rooted in the values, ethics, and mutual respects, personal maturity and integrity, team work and social concern amongst the faculty, managerial, ground staff and student community. Exploring young minds is a panoramic and variegated experience of intellectual faculty for its uninhibited force - whaling of thoughts and out of the box perception of our known world around. Taking a care from this responsibility, we ventured into a bi-annual publication "Srijan" and met an overwhelming response in the month of February 2014 with the inaugural issue. "Srijan" is a plethora of poems, limericks, short stories, painting and other burst of emotions typically portrayed in our wall magazine. We are confident that this will enable total unwinding of all introvert and extrovert minds in their own trajectories.

Sports

Sports day is for honoring and awarding the talented students who are participating in sports inside the campus. It helps to reduce stress, enhance the leadership quality and a good way to meet new people and make new friends. The Annual sport of the Institute is organized every year between January and February . All the faculty and non faculty members as well students participated in the programme enthusiastically.

Saraswati Puja

Confab - 2K24

Independence Day

College Excursion

ANNUAL FEST

The annual program at BSTM College typically includes a variety of events such as cultural performances, academic presentations, sports competitions, guest lectures, and award ceremonies. It's a platform for students to showcase their talents, interact with experts, and celebrate achievements.

Malay Gorai, *Research Scientist, Formulation Research & Development, Sun Pharma R&D Centre, Gurugram, Haryana.*

As an alumnus, currently working as a Research Scientist in FR&D at Sun Pharma, my time at BST was instrumental in shaping my career. The teachers' expertise and dedication provided a strong academic foundation for me. Even my entry into R&D was the result of an internship opportunity provided by a former student of our college during the Alumni Lecture Series, supported by the college in the form of an Industry-Institute Tie up.

Ayan Gope, *Research Scholar, Multimodal Imaging and Computation for Theranostics Lab, School of Medical Science and Technology, Indian Institute of Technology, Kharagpur.*

Having spent the 6 best years of my life (Bachelors' and Masters') at Bengal School of Technology, the teachers, Lab associates, the students have shaped me as I am today and nurtured my academics as well as extracurriculars. Now, having qualified both GATE and GPAT, I am a Research Scholar at Advanced Technology Development Centre, IIT Kharagpur, working on Biomaterials in regard to wound healing.

Akash Shaw, *RIMS (Regulatory Information Management System) Associate, Freyr Solutions, Hyderabad*

As an alumnus of BST, I am thankful for the strong academic foundation that shaped my career in the pharmaceutical industry. I have had the privilege of working with esteemed organizations like WIPRO in Kolkata and TCS in Pune, where I gained extensive experience in the pharmacovigilance domain. Currently, I serve as a RIMS Associate at Freyr Solutions in Hyderabad, where I continue to apply my knowledge and skills in regulatory compliance and safety. My journey so far has been a fulfilling blend of learning and growth, and I am excited for the opportunities ahead.

Subhasis Roy, *Managing partner of Ambrosia Drugs and Pharmaceuticals & Director of Cordial Bio Care Pvt.Ltd.*

It's been almost 12 years I completed my studies in Pharmacy from our college Bengal School of Technology. This institution played a very vital role in grooming my professional career. Our teachers always provided me with suitable skills required for today's competitive work environment be it skill of pharma techniques or soft skills. My four years in college is really full of good memories. Many friendships developed there & to be very frank few of them are now so close to my heart. I really miss my college days. Those years of Bengal School of Technology are treasure trove of my life.

Ahana Roy Choudhury, *Quality Reviewer (PV), Wipro, Kolkata*

As an alumnus of BST, I am deeply grateful for the knowledge, guidance, and support I received during my time there. The placement cell played a vital role in helping me secure my first job. I will always cherish the memories of my time at BST, where I was not only trained as a professional but also as a person ready to face the challenges of the real world.

Anirban Ghoshal, *Senior associate Consultant at Infosys in Life sciences Domain (IT Compliance Manager at Novartis In EU region)*

BST gave me the platform to learn, grow, and discover my potential. Education is the biggest asset that I can ever own and each lesson practical and theoretical that was imparted to me is engraved in me which I carry with me to conquer each hurdle that stands before me. The knowledge and values I gained from here continues to guide me in my professional journey. Today, the heights that I reached with my continuous efforts have the foundation laid by the education that was given to me here. I remain grateful to my college for giving me the wisdom and moulding me into the person I am today. I will always be thankful for those valuable years.

Nurul Hasan, *Designation - Production Head, Company name (CIPLA)*

My college experience was truly transformative, supported by excellent infrastructure and modern laboratories. The strong academic guidance and positive learning environment helped me build confidence and technical skills. I sincerely appreciate the visionary leadership of the management for creating an inspiring platform for student success." Thanks BST management.

Shibasish Lodh, *Deputy - Director (Sales & Training Portfolio) MIDMARK INDIA PVT LTD*

I am a proud graduate of the 2015 batch of Bengal School of Technology. The strong academic foundation, practical exposure, and guidance from excellent faculty have played a key role in shaping my career. The emphasis on co-curricular activities helped me build essential leadership and management skills. I remain grateful to my alma mater, which has been instrumental in my last 10 years journey into a top leadership role in a US-based multinational organization. 'A proud BST-ian'

Binita Saha, *B.Pharm (Batch 2015-2019) Working as a quality reviewer/Trainer in Pharmacovigilance Department, Cognizant.*

I am a 2015-2019 B.Pharmacy batch of Bengal School Of Technology (BST). My journey in this college has shaped me into someone I am today. I am grateful for all the learning, teaching, and non-teaching staff. Paying gratitude to all my respected professors and seniors. Choosing this college was one of the best decisions ever made.

Sagnik Biswas, *M.S.(Pharm.) Medicinal Chemistry, Ph.D Medical Devices (Pursuing), NIPER Kolkata*

Hi, I'm Sagnik and for me BST is not just a college—it's an emotion that transformed me from an underconfident boy into a confident individual. I truly believe that everyone needs appreciation for their efforts, and BST sets a remarkable benchmark in motivating its students. It encourages growth not only in academics but also in cultural activities, sports, social work, and entrepreneurship, shaping individuals into well-rounded and confident human beings. I'm deeply grateful to my teachers, mentors, and friends who shaped my journey and supported me throughout. Lastly, I want to say wherever I go and whatever I do, I will always be a proud BSTian and to all my juniors, I would like to mention a quote by Sir Dr. A. P. J. Abdul Kalam "Dream is not that which you see while sleeping it is something that does not let you sleep."

Anusree Saha
(Information Technology Analyst Digital Cadre, TCS)

I have spent 3 years of my life in BSTM. I am thankful to all the faculty members for their continuous efforts and support. Apart from excellent academic experience, I also enjoy the Co-curricular activities. This college is what everyone expects to be. I really liked teacher's approach to the students; they always want to help us. This college believes in imparting Moral, Ethical knowledge among students.

Tania Bhattacharya
(Senior Developer, Cognizant Technology Solutions)

BSTM is a great learning centre as I have acquired a lot for my knowledge development. It has good infrastructure and Placement training program which played an important role in my success. Continuous placement training and mentoring from the day we joined enabled me to achieve this success. I would recommend the prospective students to join this college to excel in their careers and lives.

Prince Mishra
(Sapid Design Private Limited, Executive HR)

My experience at BSTM was very different and has led me to explore and learn new things in terms of personal and professional aspects. The faculty at BSTM focus on students' career goals with proper guidance in selecting most suitable specialization based on one's strengths and passion. The pre-placements activities were and various co-curricular activities built confidence and leadership skills in us.

Angela Simran
(Double Tree by Hilton, Goa, Guest relation executive)

I dedicate my success to all the team members of BSTM, who guided me to become a successful management professional. All knowledge that I have picked up from the college during the course of my three years of my study have come into use. Moreover I really enjoyed the co-curricular activities apart from the academic curriculums. Thank you BSTM for giving supportive faculty members and staff for helping us to chase and achieve my goals.

Pritha Chowdhury
(Commi 3 in bakery, Raddison Blu Indore)

My experience at BSTM has taught me an important thing - life is unpredictable. It might be good, it might be bad, it might be weird, and it might not interest you, but expect anything to happen. It is a perfect blend of joy and hardships. You meet different people, you interact with them, and you learn about their cultures and grow as a person. Thanks BSTM in all respect.

Priyanka Mondal
(Systems Engineer, TCS)

I believe that the achievement of an organization is a result of combined efforts of each individual. This is something that I learnt at BSTM. The place that helped me build not only my career but an ambition that was fulfilled by the support of everyone. BSTM believed in its students and that's what makes this college stand out among others.

Alumni

Sourav Roy
(F&B Executive ,The Westin Chennai)

I believe that the achievement of an organization is a result of combined efforts of each individual. This is something that I learnt at BSTM. The place that helped me build not only my career but an ambition that was fulfilled by the support of everyone. BSTM believed in its students & that's what makes this college stand out among others. I will always cherish the feeling of studying at an institute which focused on career enhancements along with overall skill

Richa De
(Test Engineer, TCS)

BSTM has played a very crucial role in shaping my career. Faculty imparted great values in me which made me ready for the outside real world. Throughout the course, the faculties were very supportive and inspiring. Its vision of shaping lives through quality education makes it stand tall apart from the other institutions. I must say BSTM is one of the finest college in its cadre and I feel proud to be graduated from this college.

Mr. Samanta Rana
(Sheraton Grand Chennai Resort and Spa, Assistant Restaurant and Bar Manager.)

I proudly feel that I cherished every moments of my college. My College days are unforgettable and in fact those days are the most happiest & fruitful days in my life. The college has molded my personality and clarified my vision of the future. I am thankful to my teachers for their guidance and entire team of BSTM.

S K Sahil
(TCS, System Engineer)

I have studied BCA in Bengal School of Technology and Management. All the faculties are too efficient as well as very helpful. In my college discipline is well maintained under the guidance of our principal sir. Various books are available in library and infrastructure of laboratory is well configured.

Shivam Khattry
(System engineer, Infosys limited)

My experience at BSTM was really memorable, the college was too supportive not only in academic but also Co-curricular and extracurricular activities. I would like to thank all the faculty members of BSTM for their constant support and guidance. There are so many opportunities to develop one's personality in any field like, cultural, literature and many more. I feel so great full to be a part of BSTM family.

Shrestha Dasgupta
(Developer, Tata Consultancy Services)

My overall experience in college had been amazing. The time that I spent here was one of the best and memorable time. It was not only a fun experience but also it provided me with multiple number of opportunities to grow and explore my skills and gain knowledge s. The faculties and staffs are very much very much cooperative and helpful.

RULES & REGULATIONS

Bengal School of Technology has a reputation of being one of the best disciplined colleges in the University. While being an eminently 'fun place' to study in, our students observe the code of good conduct quite happily and readily.

Some ways in which discipline may be breached:

- Irregularity in attendance, persistent idleness or negligence or indifference towards the work assigned.
- Causing disturbance to a Class or the Office or the Library or Sports (Indoor or outdoor) or Cultural programmes.
- Misconduct or misbehaviour of any kind at the time of meeting or during curricular or Extra-Curricular Activities.
- Misconduct and Misbehaviour of any kind, towards a teacher or an employee of the College or another Institution or any member of Statutory Body or any visitors.
- Causing damage to furniture or any other property of the Institution.
- Eve teasing is strictly prohibited.
- Inciting others to do any of the acts aforesaid.
- Any misconduct anywhere inside and outside the College Campus which is considered unbecoming of a student of the College.
- Making 'noise' in the corridors and the library which are designated silence zones.
- Littering within the campus is prohibited.
- Smoke free zone: Smoking is banned in our college.
- A student is not following the prescribed dress code of the Institute.
- Using mobile phones in academic arena. It can only be used in the cafeteria, playground and hostels.

Note : Students opting for hostel have to stay in hostel for a minimum period of a semester (six months approximate) and can vacate only with a prior intimation of three months.

Gender Sensitization

Bengal School of Technology is extremely alert to matters pertaining to sexual harassment and gender insensitivity. A Statutory Committee, comprising of members from the teaching and non-teaching staff, and students look into matters related to sexual harassment of students and staff in the college. Any person aggrieved in this matter may fearlessly approach the committee for a fair and concerned hearing and a speedy redressal.

RAGGING FREE CAMPUS

Ragging in any form on or outside the college campus according to West Bengal Educational Institution Act - 2000. If any incident of ragging comes to the notice of the authority, the concerned student shall be given liberty to explain and if his / her explanation is not found satisfactory, the authority would expel the student from the Institution. "Ragging is prohibited as per the decision of Supreme Court of India in Writ Petition No. (C)656/1998".

Zero Tolerance to Ragging
Ragging is Strictly Prohibited within the Premises of the College

Ragging Complaint Mechanism

- Drop a Written Complaint in the Complaint Box
- Call Local Police Station 0321-3225729
- Call Principal's Office 6290977377 (Monday to Saturday)
- Call 24 x 7 National Anti-Ragging Helpline No. 1800 180 5522
- Email to helpline@antiragging.in
- Call 100 to inform your Nearest Police Station
- Email to management.bst@gmail.com

Punishment for Ragging: Suspension or Expulsion, Penal Measure as per law.

Issued by:
Anti-Ragging Cell,
Bengal School of Technology & Management
Sugandha, Datta Road, Near Chinmaya Bazar, Station.

Disciplinary Committee Meeting

Anti-ragging Committee Meeting

Ragging in any form on any student, whether inside or outside the college campus, is strictly prohibited according to West Bengal Prohibition of Ragging in Educational Institution Act - 2000. If any incident of ragging comes to the notice of the authority, the concerned students will be given liberty to explain and if his/her explanation is not found satisfactory, the authority would expel the student from the Institution.

"Ragging is prohibited as per the decision of Supreme Court of India in Writ Petition No. (C)656/1998".

In accordance with the orders passed by the Hon'ble Supreme Court in Civil Appeal No. 887 of 2009, UGC (University Grants Commission), Govt. of India has developed the web portal at www.antiragging.in to setup a Central Crisis Hotline and Anti-Ragging database.

In this direction all the students must submit an antiragging affidavit to the office of the undersigned on or before 15th July for existing years and 15th August for Freshers. For details, go to the anti-ragging website(s) at www.antiragging.in.

Every student must submit an affidavit (in attached format) prescribed by AICTE at the beginning of the course.

Each and every student of the Institute must abide by the rules and orders issued from time to time. Any student violating the said rules and orders shall be liable to disciplinary actions, which may lead to expulsion from Institute. Moreover, if any property of Institute is damaged due to any student strike, demonstrations, etc. the cost of the same shall be recovered from the students directly or individually involved in such incidents or collectively from the students as per discretion of the authorities.

The Disciplinary Committee is empowered to deal with cases of indiscipline. The Principal / Director of the College have the ultimate authority to take action against any breach of discipline.
